

## Marketplace General E-commerce

### LivingStyle Furniture E-commerce History :-

Furniture is a diverse market place due to constantly changing trend and styles. These items are basically used in homes and homes are managed by women. In mostly areas women are not able to easily visit marketplaces and choose the furniture of their choice that looks fit and suitable for their home.

### LivingStyle goal and aim :-

Hence in order to overcome this issue the idea of LivingStyle came into being in which women can easily choose the furniture and home decoration items of their choice that looks fit and ideal for their home by sitting in the comfort of their home, they can order furniture and home decoration items that will be delivered at their doorstep with the ease of payment options of their choice.

### Initial goal :-

Initial goal of the project is to target

Small and low budget furniture shops as an ecommerce furniture shop

Future goal :-  
The future goal of this project is to introduce my own furniture brand.

Targeted audience :-  
Targeted audience is women and men of ages upto 20 and above who are willing to decorate their home with latest and in demand furniture items in the market.
